

Jamie Holliday

- 37 years old
- Married
- Living in Bishops Stortford, Herts

Experience

Front End Developer

- Vaimo
- November 2013 – Present (15 months+) | London

Duties: Front End development (HTML, CSS, JS, PHP) of e-commerce websites for a range of companies of all sizes. This role involves creating responsive websites from PSD designs, amendments and enhancements to existing sites as well as maintenance bug fixing.

We work in small Agile teams, distributed across the various company sites in Europe, in a SCRUM / KANBAN style. As well as my role as a developer I also have the additional role of SCRUM Master for the team.

While working for Vaimo I have become a certified SCRUM Master and Magento Certified Front End Developer.

Tools / Tech including: Responsive Webdesign, Cross Browser Development, Magento, Murcurial, Jira, Grunt

Web Developer

- Ignition
- March 2010 – October 2013 (3.5 years) | Bishops Stortford, Hertfordshire

Duties: Development of websites and e-learning for desktop and mobile.
Mentoring junior developer.

Clients worked with include world leading brands such as: Toyota, Lexus, Nissan, Yamaha, Nokia, L’Oreal, Rezidor & Honda.

Tools / Tech including: HTML, CSS, JS, Backbone.js, ActionScript, Flash, Photoshop

Web Designer / Developer (freelance)

- Archipelago
- October 2009 – February 2010 (5 months) | Hertford, Hertfordshire

Duties: Design and build websites, Flash animations and print projects.

Operations Director

- Krav Maga Uk
- April 2005 – December 2010 (5 years 9 months) | Bishops Stortford, Hertfordshire

Duties: Design, build and maintenance of company website and online training portal

Tools / Tech including: Wordpress, payment processors, video editing

Skills

HTML5, CSS, Javascript, jQuery, AngularJS, Backbone.js

Git, Mercurial, Grunt, Gulp, Node.js, Magento, PHP, WordPress

Study

In my free time I enjoy improving my development skills, with a focus on JavaScript, and especially FE frameworks, through reading books, blog posts and online video training courses and conferences. I try to apply this knowledge through personal side projects.

Hobbies / Interests

Bodyweight Fitness Training, Mountain Biking, Snowboarding, Eating Burgers
